

SunFast

PRODUCT DESCRIPTION

A high performance twisted multifilament polyester sewing thread with advanced UV protection and nonwicking finish specially designed for outdoor applications where seam strength retention and fade prevention during UV exposure are required. The advanced UV protection reduces strength degradation over traditional filament polyesters while reducing color loss or fading. The nonwicking finish helps reduce moisture migration through the seams.

FEATURES & BENEFITS

- Improved resistance to strength loss from UV exposure over standard polyester filament thread
- Good seam strength
- Consistent diameter and excellent ply security
- Superior Sewability
- Non wick treatment to limit moisture migration
- Advanced UV protection helps reduce color fade from UV exposure.
- Available in standard marine and awning colors

APPLICATION

Outdoor Products, Covers/ Web Slings & Tie downs, Specialty Industrial

AVAILABLE IN SIZES

METRIC SIZE	TEX SIZE	NEEDLE SIZE*	APPLICATION
